Our Journey of Innovation

FROM FRP INNOVATION TO SMARTER DOORS & WINDOWS

Established in 1996 by Mr. Bharathhai C. Patel, Tulsi Fibre Glass Industries began its journey with FRP roofing sheets — with a simple commitment to quality, reliability and continuous improvement.

Over the years, changing customer needs inspired us to innovate, expand our product range and strengthen our manufacturing capabilities. Today, we are proud to serve thousands of customers across India with high-performance, sustainable building solutions.

1996
The Beginning
Started manufacturing FRP roofing sheets.

2000
Complete Roofing Solutions
Expanded into M.S. fabrication & complete roofing shed solutions.

2008
Entry into Doors
Introduced FRP doors, initially for wash areas, later expanding to interior & exterior doors.

2014
WPC Manufacturing
Introduced WPC windows & WPC door frames with our own in-house WPC extrusion facility.

2026
A New Chapter
Our experience, manufacturing strength and continuous innovation come together under a new customer-facing identity — Akshar Doors & Windows.

Our Vision

- To be a leading and trusted brand for doors & windows across India.
- To make sustainable building solutions accessible to more homes and projects, reducing dependence on natural wood.
- To continuously expand our manufacturing capabilities and introduce innovative, high-quality products.
- To create meaningful employment opportunities and contribute to a better society.
- To build a strong ecosystem where customers, employees, partners and the company grow together.

Our Mission

- To manufacture durable, low-maintenance and eco-friendly doors & windows that deliver lasting value to every customer.
- To continuously innovate and improve our products, processes and service.
- To expand our reach across India and serve more customers with reliable, high-performance solutions.
- To create more employment opportunities and support the well-being and growth of our people.
- To promote sustainable alternatives and contribute to a greener future.

Customer First.
Forest First.

Introducing Akshar Smart Doors

FRP LAM DOORS

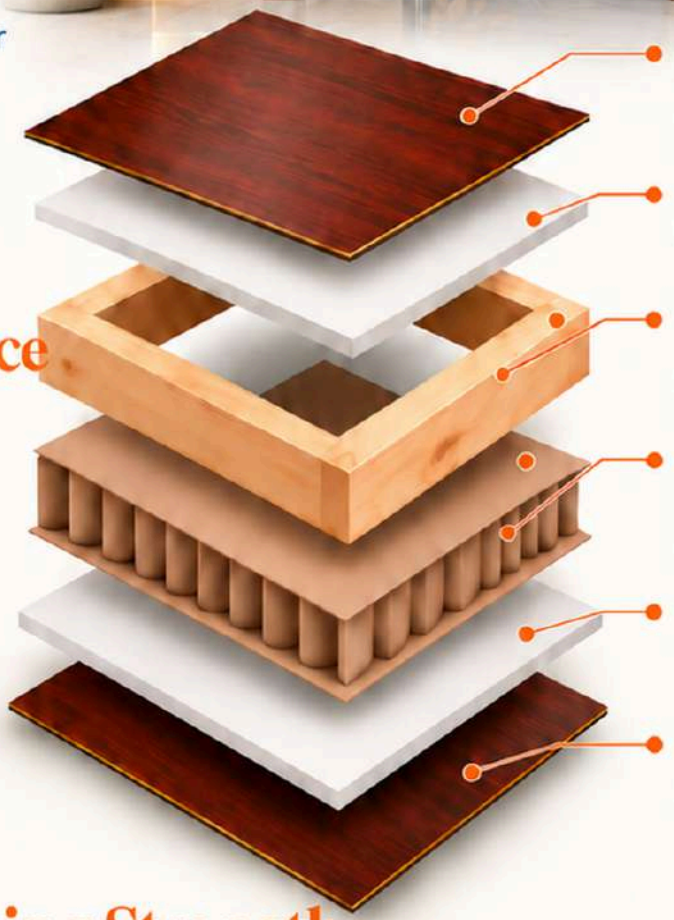

A New Chapter in Interior Doors

At Akshar Doors & Windows, innovation begins with a simple question — How can we make a familiar product better?

Our latest development brings together the premium aesthetics of decorative laminates with the proven advantages of our FRP door construction.

Door Structure for Lasting Performance

Our FRP Lam Door is manufactured with a strong internal structure using FRP skin, wooden frame and processed honeycomb sheet core, and finished with decorative laminates on both sides for a beautiful look and long life.

Modern Looks. Lasting Strength.

WATERPROOF | TERMITE-PROOF | WEATHERPROOF | EASY TO INSTALL | LONG LASTING

Why Akshar Smart Doors?

Beautiful by Design. Built for Everyday Life.

WATERPROOF
Moisture-resistant construction for long-lasting performance.

TERMITE-PROOF
No worries of termite damage like conventional wooden doors.

WEATHERPROOF
Designed to perform reliably in changing weather conditions.

LOW MAINTENANCE
Easy to clean and requires minimal regular maintenance.

STRONG FRP CONSTRUCTION
FRP skin with engineered internal structure for dependable strength.

PREMIUM LAMINATE FINISH
Elegant decorative finishes to complement modern interiors.

Traditional Door vs. Akshar Smart Door

Feature	Traditional Wood / Plywood Door	Akshar Smart FRP Lama Door
Water Resistance	✗ Limited resistance	✓ Waterproof
Termite Concern	✗ Possible termite damage	✓ Termite-Proof
Maintenance	✗ Regular maintenance required	✓ Low maintenance
Consistency	✗ May warp or swell with moisture	✓ Stable construction
Sustainability	✗ Depends on natural wood	✓ Smarter, eco-friendly alternative

Smart Choice. Strong Performance. Stylish Interiors.

Made for Every Interior

One Smart Door. Many Beautiful Spaces.

For Bedrooms

Elegant laminate finishes that complement contemporary interiors.

For Moisture-Prone Areas

Waterproof construction makes it a practical choice for everyday use.

For Offices & Workspaces

Smart looks, durability and easy maintenance for high-use spaces.

For Hospitality Spaces

Stylish finishes with dependable performance for modern projects.

Designed Around Your Requirement

Multiple Designs
Choose from a wide range of modern patterns.

Laminate Choices
Wood, contemporary and decorative laminate finishes.

Size Options
Available in standard and selected custom sizes.

Easy Installation
Designed for convenient on-site installation.

Your Space. Your Style. *Your Smart Door.*
